

# Christmas 2010 Mystery Quilt

Here is row **O**! Make this row just like the rest...pressing in the direction of the arrows. Save your left over red striped squares for an extra project we will add at the end! See you next week!

## Supplies

rotary cutter and 6 x 24-inch ruler  
 rotary cutting mat  
 sewing machine and matching thread

1/4-inch seams throughout, *unless noted*

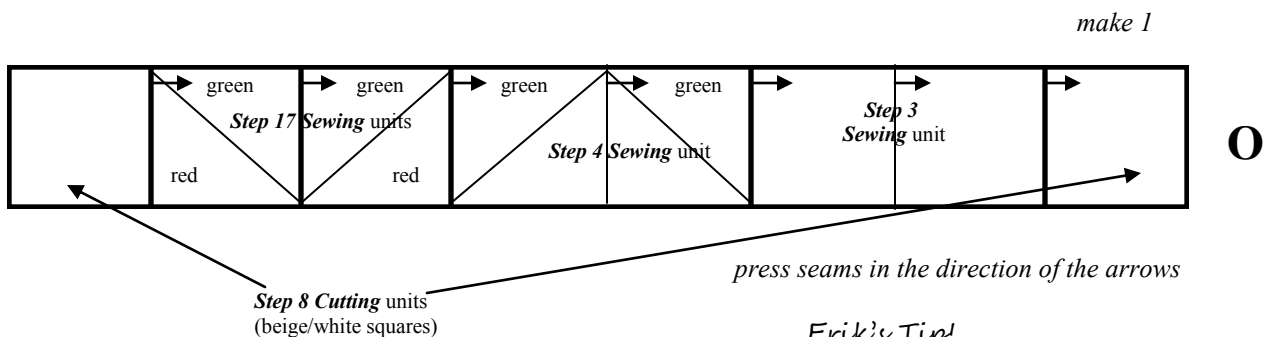

## Step 20: Cutting

*There is no cutting for this step!*

## Step 20: Sewing

Sew together 2 *Step 8 Cutting* squares, 2 *Step 17 Sewing* units, 1 *Step 4 Sewing* unit, and 1 *Step 3 Sewing* unit as shown below. Press the seams in the direction of the arrows (you may need to repress some of the seams pressed in an earlier step). You will have 1 red-green and 1 red-beige/white *Step 17 Sewing* units left over to use in the epilogue step, if you like.

Label this row: **O**

*Erik's Tip!*  
 In our sample, it didn't matter which way the red stripes went as long as the diagonal line is placed correctly!
