

Christmas 2010 Mystery Quilt

The outer border is added this week! Use whatever print you have enough of...diagonally piece the strips like we did. Next week we will show the dimensional appliqué that adds a little interest! See you then!

Supplies

1 5/8 yard border fabric (*for pieced border*)
sewing machine and matching thread

1/4-inch seams throughout, *unless noted*

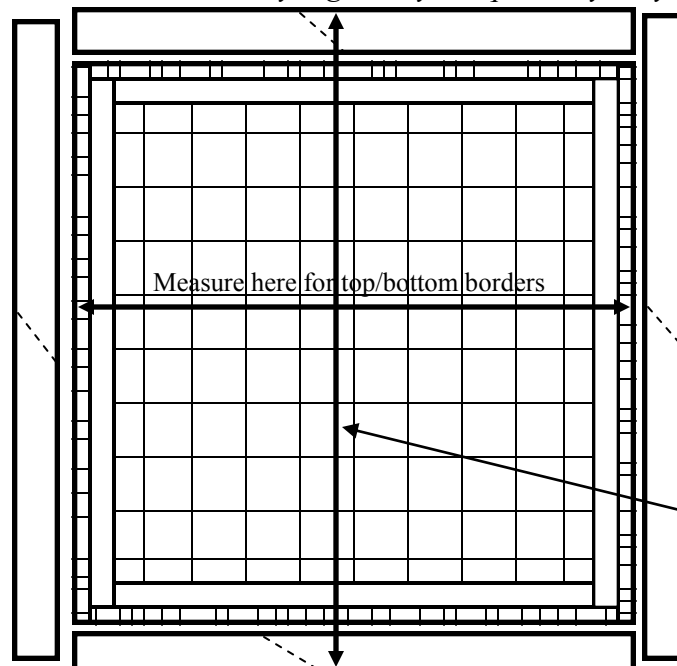

Step 24: Cutting

Cut 8 strips, 6 1/2-inches wide

Step 24: Sewing

Measure quilt as shown in the diagram below; diagonally piece border strips as necessary to make desired lengths to fit quilt measurements. Sew top/bottom to quilt; sew side seams to quilt. *Diagonal lines shown below are only a guide--your quilt may vary.*

Press all border seams outward.

Erik's Tip!

Use any fabric you like for the outer border! If you have enough fabric, you need not piece the border!

Measure here for both side borders, once the top/bottom borders are sewn to the quilt.
