

Delicious Cheese Sandwich Spread

We discovered this tasty concoction when visiting London, UK. A savory blend of easy-to-find ingredients make this pantry-smart and quick to make. Enjoy it on artisan bread, toast, or any sort of cracker you like!

Ingredients

5-6 green onions, *finely chopped* (or 1 medium sweet onion, *finely chopped*)
2 cups cheddar cheese, *finely grated*, (we used *sharp cheddar*)
salad dressing, or mayonnaise, *enough to moisten and bind*
salt and pepper, *to taste*

Bread, crackers for serving...

In a large bowl combine onions and cheese; toss lightly to blend. Add salad dressing (or mayonnaise), a little at a time, until mixture is moist and will hold together. Season with salt and pepper. Serve as desired; keep in the refrigerator.

Yield: about 3 cups; 5-6 sandwiches.

Erik's Tip:

Best served ice-cold, try adding chopped olives or pimentos to this spread!
