

!!! HEALTH WARNING AVISORY !!!
The folks herein have been diagnosed with the dreaded
Quiltus Gottamakit aka:

QUILT POX

Symptoms include inability to stop buying fabric, hoarding FAT QUARTERS, giggling while sewing, and the uncontrollable urge to keep everyone in stitches!!

Everyone in these quarters is HIGHLY CONTAGIOUS with the savage desire to cut up perfectly good fabric and to sew it back together to make perfectly good fabric!! Therefore YOU should

!! BEWARE !!
