

Add the inner border:

Add the top and bottom inner border, by first measuring the width of the quilt through the center as shown by the *First Measurement Line* (above). Piece enough 3-inch **Dk Red** strips to equal this measurement for the top and bottom inner borders. Sew to the top and bottom of center field; press. Add the side inner borders, by first measuring the length of the quilt as shown by the *Second Measurement Line* (above). Piece enough 3-inch **Dk Red** strips to equal this measurement for both side inner borders. Sew to the sides of the center field; press.
