

Log Cabin Quilt Block Fuse Bead Magnets

Use **Perler**® Fuse Beads and the photographs below to make these fridge magnets based on Log Cabin quilt blocks. Follow the manufacturer's directions to fuse the beads with a household iron, then glue magnets to the backs. It's as easy as that! Each block is approximately 2 1/2-inches square.

You will need

Perler® Fuse Beads in the number specified for each design
 items listed on fuse bead instructions
 small square **Perler**® pegboard
 small craft magnets-4 for each block
 tacky-type craft glue

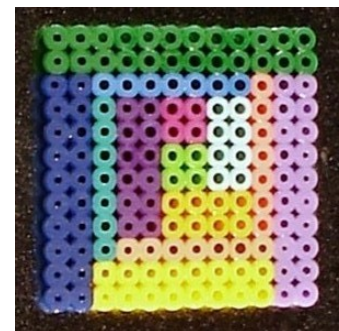

Basic Log Cabin Block

Red (16)
 Blue (16)
 Blush (32)
 Kiwi Lime (32)
Pastel Lavender (48)
 Total-144

Courthouse Steps Block

Cheddar (16)
